

Beginning with the September 2011-2012 school year, our school district/school has conscientiously implemented the requirements found in the *Anti-Bullying Bill of Rights Act* by providing professional development to all administrators and staff, organized a HIB committee in each school, made information and forms available to parents and have investigated all alleged incidents reported to our administration or staff.

While completing the Self-Assessment (below) we learned that our school district/school has demonstrated strengths in the area of professional development and addressing all alleged HIB incidents. The Self-Assessment also helped our school district/school identify areas for improvement which will be addressed in the upcoming school year.
