SUBJECT: ALERT: Immunization Update

The Department of Health has developed updated guidance regarding immunization for the 2009-2010 school year. Please see attached a Letter to Colleague/Parent and a Response to Frequently Asked Questions.

Please reinforce the requirement that all school age children be immunized unless they have a religious or medical exemption. It is critical for parents to have their children immunized as soon as possible.

Please call the Vaccine Preventable Disease Program at 609-588-7512, if you have any questions.
