# Cliffside Park Public Schools Physical Examination for Participation in Athletics

All participating athletes are required to have their Pre-Participation Physical Examination Form on file with the school nurse. Failure to adhere to this process will jeopardize the student athlete's ability to participate in sports. Physical exams performed by the student's personal physician must be current, within the past 12 months, documented on the Preparticipation Physical Evaluation Medical Eligibility Form (last page of the packet), signed, and stamped indicating the physician completed the NJ Cardiac Assessment Professional Development Module.

#### ★ If your Healthcare Provider is located outside of New Jersey:

As of May 1, 2016, the healthcare provider is required by the Cliffside Park School District to attach the *Certificate of Completion* to the Preparticipation Physical Evaluation Medical Eligibility Form as part of the statement of assurance for completing the *Student-Athlete Cardiac Assessment Professional Development Module.*
